Budhoo. Appended.

Feedback from clubs was that they enjoyed the day, appreciated the free-range balls and very nice registration desk. Group discussed how the two extra spots came about and how they were filled. Clubs felt that details around the tournament needed much earlier and the price per player of \$120.00 was high despite money raised. Concern about 50/50 draw and the fact that tickets drawn for smaller prizes was not returned for the larger draw. Option was to draw big money first or if other smaller prizes return all tickets for the larger money draw.
